## VIDEO ENGINEER/ MULTI-MEDIA MANAGER

📞 (915)-630-1759  @ joshzenitram@gmail.com  🔗 www.linkedin.com/in/joshzenitram/  📍 Chandler, Arizona

## SUMMARY

I am passionate about video engineering, with a strong dedication to producing high-quality content for a variety of audio-visual productions and events. My goal is to support live-show leadership by ensuring all technical requirements are met, taking full responsibility on show day and resolving any technical challenges that arise. As a confident troubleshooter, I handle problems quickly and efficiently. I value client relationships and collaborate effectively with teams to ensure smooth project execution.

With over 15 years of experience in video production and multimedia, I bring a comprehensive skill set that allows me to manage projects from concept to completion. In addition, I have experience editing and organizing large-scale, high-volume projects and designing motion graphics and animations for commercial-grade content in diverse styles and techniques.

## KEY ACHIEVEMENTS

🏅 **Created a 24-hr Livestream channel**
Worked as technical director and creative director for a fun project called Heavy Metal Television. It was a 24-hr live streaming channel that utilized an online API and servers to gain millions of views around the world.

⚡ **Tech-Savvy**
I have a deep passion for video and audio. With a background in motion graphics, VFX, and production. I've learned over 100 software and can pick up software quicker than most. I'm always trying to learn more in video which has brought me to a career in live events and visuals.

🖥️ **Multi-Media Producer**
I've been a professional multimedia producer for 15+ years. I've created anything from commercial-grade motion graphics to clean and professional websites. I can create all types of digital content in various mediums.

✈️ **Travel Ready**
I've been an AV tech for events around the country for several years now, which comes with a lot of traveling. I know how to navigate large cities, and I have TSA pre-check, a passport, and a packed ready-to-go AV Pelican case.
